ShowJumperClinic.com

ShowJumperClinic.com is an educational website offering complete unedited, "reality" training videos of international show jumping riders riding and lecturing on their most talented horses in training, as well as assisting their most dedicated students on their horses.

ShowJumperClinic.com offers you the chance to see how young horses are worked and developed through the training levels by a variety of show jumping trainers, riders or teachers. Watch how showjumpers are brought from early training level stages, through the 1.20 meters stages, 1.35 meters, 1.40 meters and onwards to the 1.50 meter and 1.60 meter Grand Prix classes. Watch how leg yields, shoulder-ins and gymnastic exercises are used and slowly developed from a day to day routine training schedule. Watch some trainers slowly develop riders and their horses towards the International Grand Prix arena. Watch how some trainers teach horses the water jump and triple combinations.

It is a life long commitment of every rider to further and deepen his education and understanding of his horse and the sport he practices, and what better opportunity can there be than being able to watch and learn from how other successful international riders from around the world do it, from the comfort of your own home.

Halloween Classic Results

The first Halloween Classic was completed just this past weekend, and the management of Rocky Mountain Show Jumping would like to thank all of the exhibitors who attended for their support of what we feel will be an exciting tournament for years to come.

101 entries attended the first annual Halloween Classic, and it was pure fun across the board.

Kids, Candy, Costumes, Pumpkin Carving, and Partying were the themes of the show, and great fun was had by all.

It was great to see that 9 teams entered the Zeidler Farm and Allied Seismic Team of three Hunters Class on the Saturday afternoon, and the skits were fantastic.....and almost impossible for the judges to pick a winner. With the enthusiastic efforts of everyone who participated in this the inaugural Team of Three Hunters Class, we can hardly wait to see what happens next year!

Unfortunately on Sunday, Alberta was finally hit with the first snow storm of the year, and few competitors couldn't make it to the competition.....don't worry, their entries will be refunded or credited to another one of our tournaments, and we're sorry that they missed out on the fun!

Almost all of the exhibitors who attended loved the concept and welcomed more events like this tailored to the kids and novice horses/riders involved in the sport. Management is listening, and plans many more events like this.

Stay tuned for the Christmas Classic. (Santa Claus WILL BE HERE!)

FEI Children's International

Just this past weekend, the FEI Children's international was completed at Spruce Meadows.

Congratulations to all of the young up and coming competitors from around the world who attended the Finals.

Representation came from The Netherlands, South Africa, Columbia, Australia, Germany, Chile, Brazil, USA, and the United Arab Emirates, but it was Canada at the end that reigned supreme.

Congratulations to Taylor Bland and Ben Asselin of Calgary who finished first and second, followed by Jake Krembil of Schomberg, Ontario who finished third.
